The Hotel

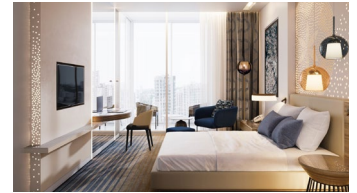

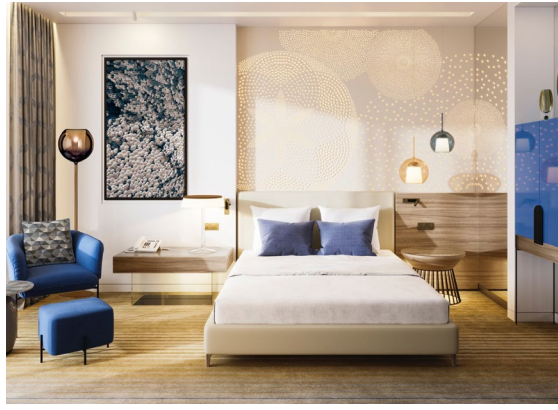

A refreshing arrival experience

The lobby is inspired by the concept of light streaking through the clouds, celebrating the glow of light at both exteriors and interiors of the hotel. The scale of design is intimate. The lobby area is inviting, interactive and multi functional for an engaging arrival experience.

Guest Rooms

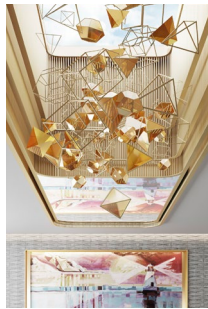

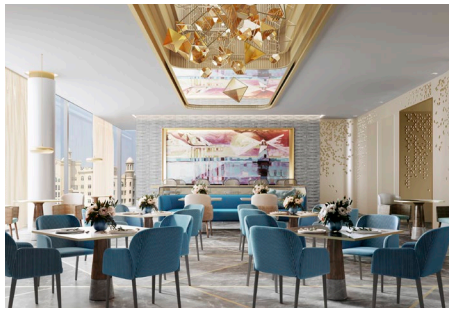

- The guest rooms have been inspired by the 'Light is Calm' philosophy, with elements of patterned radiance, glare and shadows, providing a calming ambiance.
- Our rooms and suites are thoughtfully designed to provide memorable, serene and comfort living by well-planned interior spaces, comfort of the furniture, natural light and a cheerful colour palette.

Restaurants

SIDE BY SIDE

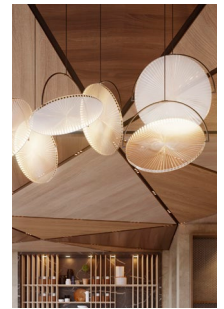

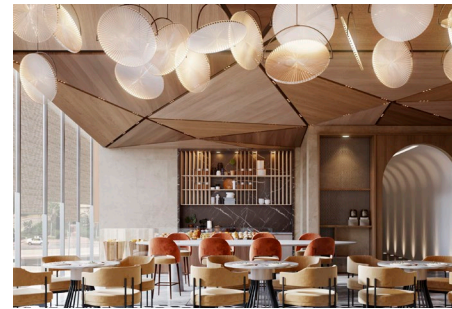

The name Side by Side represents its cuisine philosophy. Serves breakfast buffet. For lunch and dinner, the food served is a la carte, with a selection from various region like Far East to Europe and from Middle East to South America. Its the perfect dining spot for business lunch or for the private events of the community residents

بيسترو BISTRO

A "Grab & Go" Cafe with A la carte services, offering a "farm to table" concept. It is promoting regional and local farms, ensuring the guest is aware of its true origin. The Bistro is located on the ground floor with an extension to an outdoor Shisha Terrace.

Bistro will mainly target the community at the Palm Jumeirah and will be a quick grab and go concept for the residents of the hotel.

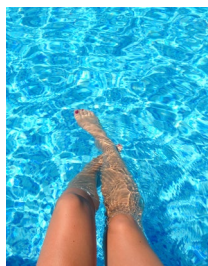

Recreation

Gym

The mixed gym, located on the top floor of the building is equipped with state-of-the-art equipment. The gym is only accessible to hotel residents.

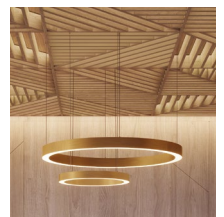

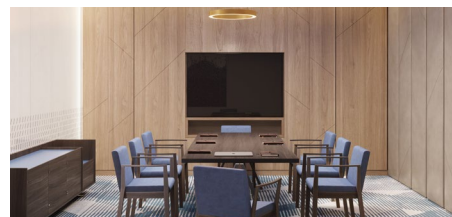

Pool

A beautiful pool is located on the top floor of the building. It will operate during day time only. Service will be provided from the nearby Side by Side Café.

Meetings and Events

- Designed to represent Gleaming Light, the two meeting rooms are thoughtfully designed to cater to any small meetings and events businesses. Located at the ground floor in close proximity of the lobby and Bistro, the two meeting rooms have been designed to also serve as private dining rooms.
- The meeting rooms have been fitted with the latest AV- and lighting technology which are both uncomplicated and user-friendly. The furniture is movable, stackable and equally comfortable both for meeting and dining requirements.
